## SWINDLED TOWN AND COUNTY MEN

Sold Stock in York Concern under Misrepresentations Man is Apprehended in Reading. Other Arrests Expected Soon.

C. Ludwig, a Reading broker, was arrested in that city Friday by Detective Cookes, of York, on a charge of having swindled York countians and one or more Gettysburg people through false representations made in connection with the sale of stock in the York Finance and Securities Company, of which he was one of the promoters. Several other arrests are looked for.

The \$300,000 corporation, chartered last fall under the laws of Delaware, repudiated Ludwig, and its officers declare that its record is clean.

Ludwig is specifically charged with having secured a negotiable promissory note for \$500 from William Myers, a Dover hotel man, in exchange for stock of the company before it had been incorporated. There are said to be a number of others in the York and Adams counties, who will lose an aggregate of probably \$10,000 through the swindle.

Alderman W. F. Owen, and Attorney J. St. Clair McCall, received one complaint from Gettysburg, another from Hanover, and several from other nearby places.

These men claim that strangers representing themselves as agents for the York Finance and Securities Company sold them stock at high prices promising large profits. In a few weeks one man, a saw mill owner at Alpine, said, he was promised a position as director and that he would be paid \$10 for every day he attended the board meetings. He put in \$350.

## FORGED CHECKS

Alfred Yohe, a son of Charles Yohe, of the Pigeon Hills, across the York County line, forged three checks on Abraham Hoke, of Spring Grove. One for the checks, for \$20, he passed on the Codorus National Bank of Jefferson, a second one, for \$5, at Baker's store, Farmers, and the last one on the hotel at Farmers.

When Yohe presented the check for \$20 at the National Bank at Jefferson the bank officials telephoned to the Peoples National Bank at Spring Grove to ascertain if Mr. Hoke had funds there to meet the check, and upon being advised that he had, the Jefferson bank paid the check. After the check arrived at the bank there it was discovered that Mr. Hoke's name had been forged.

Yohe was arrested, charged with forgery, but his mother-in-law, Mrs. John Landis, fixed up the matter by paying back the amount and the costs incurred, whereupon Yohe was released. So far nothing has been done regarding the other checks.

## FLAG AGAIN BALKS LINEMEN

For the second time within a week, the American flag has been brought to the front as a means of balking telephone linemen extending the Bell line from York Springs to Dillsburg.

On Thursday when employees of the Bell Telephone Company were about to raise a pole near his home in Dillsburg, Harry Arnold jumped into the hole the workmen had dug against his protests, and remained there for more than an hour, while the men threatened to roll the pole on him and do all sorts of bodily injury. At length the men began work elsewhere. Arnold promptly took advantage of their absence. He secured a chair and a large flag. Placing the chair over the hole, with the flag over the back, he sat there until noon. While the men were eating dinner he secured boards, covered the hole and nailed the ends to his house. Thereon he affixed the chair with the flag fastened to it and now defies them to remove the boards.

## MERCHANTS' MEETING

At the regular monthly meeting of the Retail Merchants' Association held on Friday evening it was decided to continue the organization and a committee was appointed to make nominations for officers for the coming year. The meeting was attended by a larger number of members than for some months, and there was more interest manifested than since the activity of last Spring. The meetings, hereafter, will be held on the first and third Mondays of the month.

## NINETY MEMBERS IN ASSOCIATION

Monthly Meeting of Parent Teachers Association Held Friday Evening in New High School Building. Membership Numbers Ninety.

The regular monthly meeting of the Parent-Teachers' Association held on Friday evening in the high school building was well attended by a large percentage of the membership which now numbers ninety.

The entertainment part of the program consisted of a class in Civics and a flag song by the pupils of the A Grammar School, and a duet by Misses Ivy Tawney and Alice Miller.

President Granville of the College made the principal address of the evening, his subject being "The Value of Education". Dr. Granville emphasized the necessity of not only a common and high school education but also of the young men and young women of to-day going to college.

Dr. Granville called the attention of the association to the fact that this is a good business proposition. Statistics show that the average earning power of the college graduate is \$600 a year higher than the non-college graduate. This means the annual interest at six percent on \$10,000. The speaker called attention to what eagerness would be displayed by the young people of to-day if they thought they could acquire a capital of \$10,000 in four years invested in perfectly safe securities and ones which they could not lose.

"Reading in the Home" was discussed by a number of the members. Mrs. Will M. Seligman emphasized the importance of an intelligent selection of reading materials for boys and girls. Rev. D. W. Woods told of the harmful effects of reading matter which should not fall into the hands of the young people, and he took special exception to the comic supplements of the Sunday newspapers. Mrs. H. Milton Roth said that home reading should be begun early and should be considered a privilege rather than a duty. Miss Helen Cope told of the good results of a family reading aloud to each other. Prof. W. A. Burgeon told of the advisability of having a dictionary in the home and Rev. G. W. Sherrick also made a short talk.

The singing of "America" closed the meeting.

## LAST MEETING

Iron Springs, Mar. 11—The Union school house was crowded to its utmost capacity on Friday night when the fifth and last meeting of the Hamilton Township Teachers' Association was held. President Wilson Hummelbaugh was in the chair and the other teachers of the township present were Messrs. Harry Pecher, Charles Frey, Lloyd Slaybaugh, Misses Lou Etta Sharetts, Pearl McClellan, Anna Landis and Edna Hartman. Prof. Landis, Mr. Hull and Miss Lizzie Herring were also present. The following subjects were discussed: "The Dull and Lazy Pupil," by Wilson Hummelbaugh, Lloyd Slaybaugh, Harry Pecher, Prof. Landis, Preston Hull and Miss McClellan. "Compulsory Education," by Miss Lou Etta Sharetts. Wilson Hummelbaugh, Messrs. Pecher, Slaybaugh, Hull and Frey. There were recitations and songs given by the school. The collection was \$2 35. Closed by singing "Goodnight."

## SEEKS PRIZED RELIC

That the first cannon made in America may be taken to Waynesboro and used as a marker for the grave of John Bourne, or Burns, its maker, a movement has been set on foot by Rev. Cyrus Cort, president of the Enoch Brown Monument Association, to locate the ancient weapon and enlist the aid of the British Consul at Pittsburg in an effort to get possession of it. The cannon was taken into the Revolutionary War by Burns, who was retained in the services of the Continental Army to repair muskets etc. It was captured by the British at Brandywine and tradition says it was taken to London and placed in the Tower.

## APPENDICITIS OPERATION

## DISCOVERED 40 ORGANIZATIONS

Group of Men, Discussing Love of Gettysburg People for Joining Things, Discover that there are Forty Associations in Town.

That Gettysburg is a town of "joiners" seems to be generally known but that there are no less than forty organizations in the town exclusive of all church and college societies is not realized. A group of men in discussing the matter compiled the following list:

Three separate Masonic bodies, Odd Fellows, Order of Independent Americans, Patriotic Order Sons of America, Knights of Maccabees, Knights of Columbus, Elks, Eagles, Owls, Royal Arcanum, Modern Woodmen, Daughters of Rebecca, Daughters of Liberty, Grand Army of the Republic, Women's Relief Corps, Ladies of the G. A. R., Pennsylvania College League, Sons of Veterans Reserves, Law and Order Society, Retail Merchants Association, Rod and Gun Club, Gettysburg Driving Club, Parent-Teachers' Association, Gettysburg Fire Department, Band of Hope, Gettysburg Automobile Club, Loyal Temperance Legion, Young Women's Christian Temperance Union, Gettysburg Ministerial Association, Civic Club, Catholic High School Alumni Association, Gettysburg High School Alumni Association, Daughters of American Revolution, Property Owners' Association, Young Men's Christian Association, Adams County Bar Association, Gettysburg Camp of Pennsylvania Sportsmen, Women's Christian Temperance Union.

Add to this list the organizations of the various churches, averaging three or four to each one, the organizations at college, the various card and literary clubs in the town and the list will run well up over a hundred. More seem to be added every month, two new ones having been formed this week and several others during the past winter.

### JOAQUIN MILLER RECOVERS

Aged Poet Is Rapidly Regaining His Health.

San Francisco, March 11.—Joaquin Miller, the poet of the Sierras, who has been critically ill in a hospital in Oakland, is rapidly regaining his health and will soon leave the institution.

When Mr. Miller was stricken with pneumonia grave concern was felt for his recovery because of his advanced age.

### MORE THAN BILLION VOTED BY CONGRESS

\$1,025,489,662 the Sum Figured by Tawney.

Washington, March 11.—Appropriations at the last session of congress aggregated \$1,025,489,662, according to the statements issued by former Representative Tawney, of Minnesota, and Livingston, of Georgia, who were, respectively, chairman and ranking Democrat of the house appropriations committee in the last congress.

Mr. Tawney says this is less than \$1,000,000 in excess of the total estimates of President Taft, on which the appropriations are based, pays high tribute to the executive for good faith in scrutinizing estimates, and computes that the surplus of revenues next year will be not less than \$25,542,000, which, with any part of the treasury cash balance, may be applied to the sinking fund.

Mr. Tawney renews his recommendation for the consolidation of the appropriations jurisdiction of the house under a single committee of sufficient size to be representative of all sections of the country and of all branches of the public service. Eight committees now consider and report appropriation bills, and Mr. Tawney says no reform is more important.

### Battleship Oregon Ready.

Seattle, Wash., March 11.—The famous old battleship Oregon, which has been practically rebuilt at the Puget Sound navy yard, can be put in commission in ten days, according to Rear Admiral V. L. Cottman, commander of the yard. A crew of eight civilian watchmen was removed and eighteen sailors substituted. The repair work, which has cost more than \$1,000,000, is practically completed.

## TAFT'S VIEWS OF EXTRA SESSION

### Doesn't Expect Congress to Take Up General Legislation.

### FROWNS ON TARIFF REVISION

Will Use Veto Power If Attempt Is Made to Saddle Change in Schedules on Canadian Agreement Bill.

Atlanta, Ga., March 11.—President Taft doesn't expect the Sixty-second congress at the special session which he has called for April 4 to take up important legislation, except the Canadian reciprocity agreement. The president made that clear in his speech before the Southern Commercial Congress here.

He believes that a majority of the new congress will favor reciprocity, and he thinks it will be passed regardless of party lines.

If the special session of the Sixty-second congress attempts to undertake a general revision of the tariff, or if it tries to revise schedules of the Payne-Aldrich law without scientific data the president most likely will exercise his power of veto. This much came from friends of Mr. Taft.

If an attempt is made to saddle a revision of the tariff or a revision of a few important schedules like the cotton and woolen schedules, on the Canadian agreement bill, the president would have the same inclination to register executive disapproval.

The president expects the tariff board to have sufficient information from all parts of the world on which to base a scientific revision in the woolen schedule at least by Dec. 1. Until that information is ready he will look with disfavor upon attempts made to change it.

There is reason to believe that the president has been assured he will not be compelled to make use of the veto.

### Won't Tinker With Tariff.

It was asserted by friends of the administration that the president has been assured by Democratic leaders that no effort to tinker with the tariff will be made at the special session, but that the Canadian agreement will be taken up promptly and disposed of, and that then possibly other less important matters will be put through.

The president expects to confine his first message to the Sixty-second congress entirely to reciprocity. He called congress in extraordinary session only because he believed the preliminary understanding with Canada required him to do so. He will confine his attention therefore to the subject which brought about this extra session. If later on subjects like that of economy and efficiency in the government departments or other matters of importance come up, Mr. Taft will send in special messages.

The president spoke to more than 5000 people. With him on the platform were the governors of more than a dozen southern states. Secretary of War Dickinson, Governor Woodrow Wilson, of New Jersey, and George Westinghouse also made addresses.

A part of the president's speech dealt with the south; what her prosperity was and what it meant to the rest of the nation, but much of it was devoted to a review of what the Sixty-first congress, and particularly the last half of that congress had accomplished.

"The Sixty-first congress just closed," said the president, "has enacted more useful and progressive legislation in its three sessions than any congress since the war."

### 40 LASHES FOR "BAD MAN"

Also Gets Nine Years in Prison For Highway Robbery.

Wilmington, Del., March 11.—Judge Conrad in the court of general sessions sentenced Herman Turpin, the "bad man of Middletown," to nine years in the workhouse and forty lashes, on charges of assault and battery and highway robbery.

William Davis, "Hobo Bill," a boy, was sentenced to one year in the workhouse and twenty lashes for putting obstructions on the tracks of the P. B. & W. railroad, and one year and ten lashes for larceny.

### Woman Stole For Her Aged Parents.

New York, March 11.—Miss Susan G. McComber, a 19-year-old bookkeeper of forty-two years, who admits robbing the John Lane Publishing company, her employers, of \$9000, and is charged with taking between \$15,000 and \$19,000, was sent to the Tombs in default of \$5000 bail. Miss McComber's pecuniary extended over a period of two years and were made solely, she says, to maintain her aged parents in a comfortable home.

### Oldest Clergyman in Country Dead.

Glens Falls, March 11.—Rev. Cicero Barber, said to be the oldest clergyman in the country, died at his home in Fort Edward, aged 101. He was a member of the Troy Methodist conference for 73 years.

### Mine Wages For March.

## MOVE FOR CHURCH UNION

Sub-Committee of Evangelical Fac-tions Meet in Reading.

Reading, Pa., March 11.—Another step toward union of the United Evangelical church and the Evangelical association has been taken.

A sub-committee on church federation and union, composed of Bishop S. C. Breyfogle, of the Evangelical association; Bishop U. F. Swengel and Presiding Elder W. F. Hell, of the United Evangelical church, and Rev. G. Heilmiller, editor of the German church paper of the Evangelical association, issued at Cleveland, met at Bishop Breyfogle's home.

By this sub-committee it was deemed first that an effort to merge congregations should be made only with the unanimous consent of the respective committees. A further discussion of the differences it was concluded that the members of the executive committee of each denomination should outline the difference between the two and prepare a plan, according to which differences may be adjusted.

In the preparation of such an outline the judgment of the members of the sub-committee is to be consulted, and the work of the committee will be pushed ahead as speedily as possible.

## REMOVE CUSTOMS OFFICIALS

### Four Cleveland Officials Lose Jobs For Taking "Graft."

Washington, March 11.—Charles F. Leach, collector of customs at Cleveland; Joseph T. Ball, his special deputy; Miss Rolla New, a clerk, and William J. Corns, an examiner in Leach's office, were all notified of their removal from office.

The discharge of the four follows a long investigation of the administration of Leach's office by a special committee of the customs office.

The committee reported having found instances where importers had paid money for favors and reported other irregularities of administration and misconduct in office.

## MISSING GIRL WAS LOST FROM STEAMER

### Was Last Seen Walking Deck During a Gale.

New York, March 11.—It was learned that Miss Florence Warwick, of New Haven, Conn., and a member of the old Warwick family of Virginia, after which the county was named, boarded the steamship Monroe, of the Old Dominion line, last Tuesday afternoon in this city, was seen walking on deck at 9:30 p. m. with another woman and has not been heard of since that time.

Her personal baggage, umbrella and hat were found in the double stateroom, but which as far as can be learned hadn't been slept in. Her coat in which she was seen walking bareheaded with the woman is missing.

All of Tuesday night and Wednesday morning the Monroe was buffeted by a forty-mile gale and most of the time it was snowing. It is feared that Miss Warwick was lost overboard some time during the night.

Miss Warwick spent Monday night before sailing at the home of William H. Smith, her cousin, of New York. Mrs. Smith said that Miss Warwick was especially elated over the fact that she was going on her regular spring visit to her brother, Abraham Warwick, who lives at Richmond, Va. She said that Miss Warwick had never been troubled with mental depression of any sort, so that the possible story of suicide is completely discredited.

## REVENGE AFTER 14 YEARS

### Fearfully Beat School Teacher Who Whipped Him When a Boy.

Brazil, Ind., March 11.—Nicholas Kiefler, when eleven years of age, was whipped by James Tucker, a school teacher. That was fourteen years ago.

Friday Kiefler met Tucker on the street, the first time he has seen him since the schoolyard drubbing, called his attention to the incident, told him he had been nursing revenge ever since, and then proceeded to knock Tucker down and give him a fearful beating.

When arrested Kiefler said it had been in him for fourteen years and it simply had to come out. Tucker was badly beaten, but not dangerously hurt.

While the chances are that if the seed corn is found spoiled before planting the damage has already been done, it is just as well to postpone the careful and systematic testing of the seed until some three or four weeks, when the likelihood of subsequent deterioration will be reduced to a minimum.

Cornstalks left to bleach and whiten in the field have a fodder value of from 50 cents to \$1 per acre. Put into the silo at the proper time they are worth \$14. It is because of the somewhat tardy recognition of this fact that so many farmers put in silos last season and that a good many more will install them the coming year.

Any reader of these notes who may be planning to raise celery on a more extensive scale than needed for family use should have for ready reference a bulletin issued not long since by the agricultural department at Washington under the caption "Farmers' Bulletin No. 133 on Celery Growing." The subject is handled in a direct and practical way, and the most successful methods at present in use by market gardeners are explained in detail.

### Particularly the Ladies.

Not only pleasant and refreshing to the taste, but gently cleansing and sweetening to the system, Syrup of Figs and Elixir of Senna is particularly adapted to ladies and children, and beneficial in all cases in which a wholesome, strengthening and effective laxative should be used. It is perfectly safe at all times and dispels colds, headaches and the pains caused by indigestion and constipation so promptly and effectively that it is the one perfect family laxative which gives satisfaction to all and is recommended by millions of families who have used it and who have personal knowledge of its excellence.

Its wonderful popularity, however, has led unscrupulous dealers to offer imitations which act unsatisfactorily. Therefore, when buying, to get its beneficial effects, always note the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package of the genuine Syrup of Figs and Elixir of Senna.

For sale by all leading druggists. Price 50 cents per bottle.

## WAR GAME TO END REVOLT IN MEXICO

Taft's Admissions Received With Interest by Military.

### TRACE IN ARMS TO STOP

Troops to Guard Border to Prevent Supplies and Men Going Into Mexico—Invasion Among the Possibilities.

Washington, March 11. — President Taft's administration has resolved that the revolution in Mexico must end, and to carry out that purpose the 20,000 troops ordered to Texas and California will form a wall along the border, to prevent filibustering and smuggling of arms, which, the Mexican government asserts, have greatly aided the revolutionists.

President Taft has virtually admitted that the army and navy are mobilizing to help Diaz crush the rebellion in Mexico. This help is to be moral, for the present, though an actual invasion of Mexico is quite among the possibilities.

Mr. Taft's purpose now is openly declared to be to put an end to the insurrection—which has failed to establish itself—by placing on our frontier a solid wall of military forces that would stop supplies and men from going into Mexico. It is also stated that the army will be in position to cross the frontier in the event of the death of Diaz or other contingencies that might bring chaos.

#### Army Headquarters Quiet.

With all the details of the great southward movement of troops completed and the scene of activity quickly shifted from Washington to the field, the headquarters of the army is awaiting complacently the arrival of the units of the moving commands at their objective points.

The navy is carrying out its part in the operations just as though the sudden and extensive preparations of war vessels for active duty was a part of the humdrum of everyday life. Three ships of the fifth division of the Atlantic fleet are now en route to Guantanamo, Cuba.

The armored cruiser Washington, the remaining unit of the division, which is undergoing repairs at the Portsmouth, N. H., navy yard, will be ready for duty on March 15, when she will be sent to join her division.

President Taft has four reasons for his move:

The insurgents have recruited their best men and have received arms and ammunition from the United States. The 4500 United States troops patrolling the more than 1000 miles of border have been entirely unable to prevent this. The 20,000 troops are expected to form a stone wall along the border.

#### To Head off Republic.

With the growing strength of the rebels, fostered from the United States, it is not improbable that a purportedly independent government may be established in Lower California. This government, separated from the United States by only an imaginary line, would, through its irresponsibility, be a constant source of trouble to this country, not only by land but at the southern ports of the Pacific side. The present demonstration is calculated to prevent that contingency.

The United States must protect property of foreigners as well as of Americans in Mexico, or forfeit future use of the Monroe doctrine. To protect that property troops necessarily must cross the border. That will not be done, however, unless disorder increases in Mexico or unless some instance is of sufficient importance to justify it. The United States government has an understanding on this question.

The opportunity is welcomed to prove that troops can be mobilized quickly.

General Robert K. Evans, in charge of the militia division of the war department, received a number of telegrams from the adjutant general of the states and territories, indicating that the invitation extended to the militia officers of the country is being enthusiastically received.

It is positively denied at the war department that the question of inviting or requesting the enlisted men of the militia to participate in the campaign, or to hold themselves in readiness for such participation, is under consideration at the present time.

Robbery in Palace of German Premier Berlin, March 11.—The papers say that a big jewel robbery occurred at the palace of Chancellor von Bethmann-Hollweg. Detectives of the criminal department, however, assert that the affair was insignificant, and that they are on the track of the thieves.

#### Stricken at Grave; Dies.

Elkton, Md., March 11.—Stricken with paralysis while conducting the Grand Army of the Republic service at the grave of a comrade at Deer Creek cemetery, James H. Hamilton, aged sixty-six years, died at the Deer Creek Methodist Episcopal church, where he had been taken.

## EXPLOSION FELT A HUNDRED MILES

Two Wisconsin Towns Wrecked When Powder Mills Blew Up.

Pleasant Prairie, Wis., March 11.—Hardly a house in the thickly populated farming country in a radius of five miles from here is habitable, as a result of the explosion of five magazines filled with dynamite and black gunpowder in the plant of the Du Pont de Nemours Company.

One man, E. S. Thompson, was killed; one was seriously injured, several hundred were painfully hurt, and the greater number of residents of Pleasant Prairie, Bristol, and the surrounding farming country have packed their remaining household goods and moved away until their home are rebuilt.

The explosion was felt more than a 100 miles away, in Illinois, Indiana and Michigan.

In Chicago, sixty odd miles from the scene of the explosion, the largest granite buildings were rocked as if by an earthquake. The tremor caused a panic in some of the hotels and theatres. Many persons rushed to the streets. At Elgin, Ill., a woman dropped dead from fright.

The five magazines which exploded contained 150 tons finished dynamite, 130 tons unfinished dynamite, 50,000 kegs finished giant powder, 25,000 kegs unfinished giant powder.

Mr. Bumstead, superintendent of the powder plant, said the exact cause of the explosion could not be learned, but that it might have resulted from a hammer blow or from a broken piece of machinery flying against the wall or floor of the glazing or finishing room.

Nearly every one within ten miles of the factory when the explosion occurred is wearing a bandage, but the injuries sustained are not severe in more than half a dozen cases.

### TOLSTOI'S SON IN NEW YORK

Says Evangelist Persuaded His Father to Take Fatal Pilgrimage.

New York, March 11.—"What do you want to know about me?" asked Count Leo Tolstoy, son of the late Count Tolstoy; "I am only the son of a great man."

Count Tolstoy came here on the Mauretania and is visiting America to study social conditions. He will call on President Taft, John D. Rockefeller, Andrew Carnegie and Colonel Roosevelt.

At the concert given on shipboard, Count Tolstoy told of the last days of his father. Count Tolstoy repudiated the reports that the elder Tolstoy left his home to die because of domestic dissensions.

"His life was a very happy one," said the young man. "He loved his home and his family. But in the later days of his life, Lord Redstock, the English evangelist, obtained great influence over him. Lord Redstock persuaded my father that the life he lived in his comfortable home was not in accord with the theories he professed. Acting on this, my father left his home."

"The end of that weary pilgrimage is known to all the world. There was no less affection on his part toward his family. His action was taken to demonstrate the theory of life he had always urged."

#### Woman Slayer Adjudged Insane.

Hartford, Conn., March 11.—Sophie Kritchman, the young Union City music teacher confined in state prison for manslaughter, has been adjudged insane and transferred to the hospital for the insane in Middletown. She was tried, with Joseph Mitchell, for the killing of Bronislaw Kulivinskas near Union City in September, 1909, and was found guilty of manslaughter.

#### Section Foreman Killed.

Lancaster, Pa., March 11.—John M. Weigel, a section foreman on the Philadelphia & Reading railway, was run over by a passenger train at Manheim, this county, and instantly killed. He was a single man, forty-five years of age, and his home was in York.

## CURIOS STOLEN FROM U. OF P.

Thieves Steal Antiques From Coxe Collection.

### BOLD DAYLIGHT ROBBERY

Under Guise of Workmen They Unscrewed Side of Glass Case With Attendants Looking On—Loot Valued at Thousands of Dollars.

Philadelphia, March 11.—One of the most daring daylight robberies of years occurred on the second floor of the University of Pennsylvania museum, when a case of gold antiques in the Eckley B. Coxe collection was stolen.

The value of the antiques taken runs into thousands of dollars. They formed a part of one of the most noted collections in the world.

One of the reasons for the mystery that has enveloped the case is that the robbery was perpetrated between the hours of 1 and 3 o'clock in the afternoon, while the museum was open to the public and while the business offices of the building were crowded with college students.

Two young men entered the museum, openly unscrewed the side from a glass case containing the rare curios and stole most of the collection.

The few attendants who were about at the time believed the men to be workmen, and little attention was paid to them.

The articles taken include: One gold necklace, set with amethysts and gold lion's head, three feet long.

One necklace, set with hawk's head, one foot long.

Two gold necklaces of plain gold, one and one-half feet long.

Two gold earrings in the form of shells.

Three small strings of gold beads.

One small gold cylinder hung on a chain, set with semi-precious stone.

One necklace of plain gold.

Two gold bracelets of fine wire.

One gold finger ring, bearing scarab with name Amenhat III.

The antiques were collected on an expedition to a Nubian burying ground. They have attracted the attention of collectors the world over. Practically everything in a case was taken, the thieves leaving only a small inscribed tablet, of historical value merely; a small statue and some gold leaf. No definite figure can be set upon the worth of the collection.

While the intrinsic value is great, the detectives reason that the thieves know the value of the stolen articles to a collector and therefore will make no attempt to smelt the gold.

Descriptions of the property will be sent abroad and to all American cities at once.

Dr. George B. Gordon, director of the museum, became greatly excited when he was notified of the robbery. He made a personal investigation of the case, and after a conference with Provost Smith notified the detectives.

### GET FLAT HEAD INDIANS

Carlisle Indian School Receives Twelve of Tribe.

Carlisle, Pa., March 11.—The Carlisle Indian school has received the first delegation of Flat Head Indian students that remarkable institution has ever had.

Twelve Flat Head youths from Montana, having heard of the work done at Carlisle, desired the learning of the palefaces. The very flat craniums of these redskins are made so artificially by the parents, who confine the head of the growing child.

The Flat Heads on arrival at Carlisle were dressed in native garb and were decidedly crude. Only five could speak English.

When the party left Montana the young men wore long black hair, but on the trip east they insisted at a change of trains on having their hair trimmed "like white men," with the exception of one youth, who clung to his locks until he arrived in Carlisle.

### SHOT WIFE SIX TIMES

Corry Man Then Fired at Sister-in-Law and Disappeared.

Corry, Pa., March 11.—Harry Zeal, aged thirty-five, proprietor of the Erie Bottling works, in this city, shot his wife six times and a seventh bullet grazed the forehead of his sister-in-law, Eleanor Loveland. Mrs. Zeal is fatally injured. Zeal disappeared and has not been found.

Zeal is widely known here and was considered well-to-do. About a month ago the Zeals separated after a quarrel.

#### Thrown From Sleigh and Killed.

Gloversville, N. Y., March 11.—Jacob Eddy, aged seventy, who was well known to travelers to the Adirondack mountains, was instantly killed by being thrown from his sleigh while driving near Batchellerville.

#### Negress Was 112 Years Old.

Suffolk, Va., March 11.—"Aunt" Nancy Shepard, a mulatto, weighing eighty pounds, who had lived in three centuries, died here. She was 112 years old, having been born the year of Washington's death.

The Bissell vs. the CORN BROOM

Few women now-a-days believe that the broom is better than the carpet sweeper, but there are many who think it is more economical. Just figure it out for yourself. A BISSELL sweeper will last longer than fifty corn brooms that cost not less than \$20.00, whereas the best Bissell can be bought for a quarter of that—and less—depending upon style and finish.

Beyond the great economy in direct cost of the Bissell, just consider how it saves time, labor and health, does the work in one-quarter of the time, with 95% less effort than the corn broom requires, makes no noise, raises no dust, and an invalid can use it. Ask your physician what he thinks of the sweeper from a sanitary point of view. Don't sacrifice so much comfort and convenience when it can be obtained so cheaply.

The name BISSELL'S marks the genuine sweeper.

## SALVATION ARMY CAMPS

For Mothers and Children.

Hundreds of tired mothers and sickly children were given fresh air and rest during the past summer by the Salvation Army at its fresh air camps.

There are many tired mothers who have sickly children who were not fortunate enough to be given such an outing and we ask those mothers as a duty to themselves and their children to read the two following letters:

Mrs. Rose Hawthorne Lathrop, who has done so much good among the children of New York City says: "Little children seem to delight in taking Vinol. In my work among the destitute sick, I give Vinol in many cases where it would be impossible to give cod liver oil in any other form, on account of the extreme weakness of the patient's stomach. I have known Vinol to restore appetite and in fuse new life in many cases of sick women and children when everything else failed."

Mrs. C. W. Stump, Canton, Ohio, says: "I wish I could induce every mother who has a weak, sickly child to try the delicious cod liver preparation, Vinol, as it restored health and strength to our daughter after all else had failed."

Vinol is a boon to weak mothers and sickly children. If it fails to give satisfaction we will refund your money. People's Drug Store, C. Wm. Bealos, proprietor, Gettysburg, Pa.
